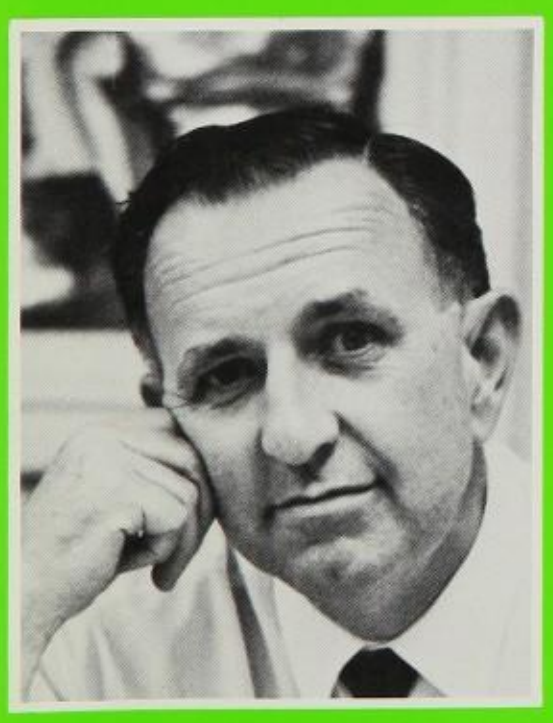
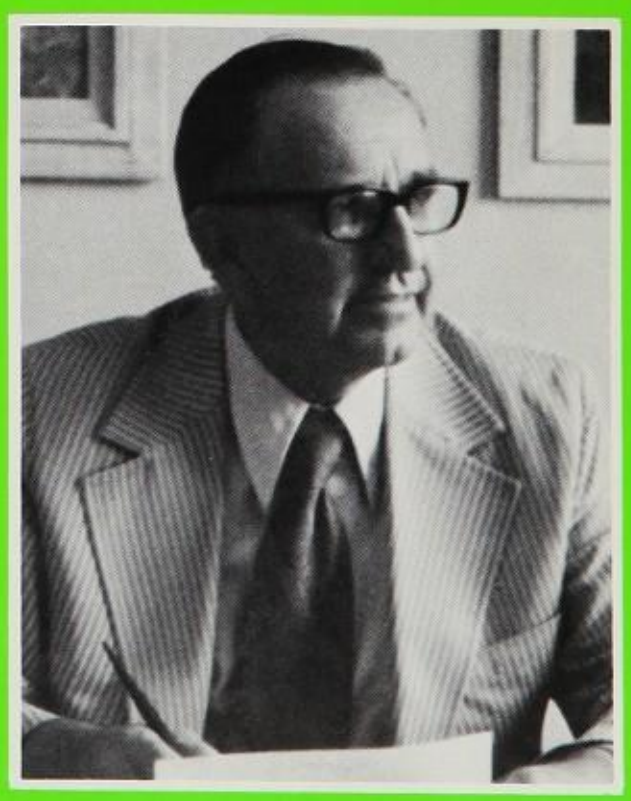
Dedication

Good-bye means more than just thank-you. Good luck and realize that we care. We have come to you and you have helped us solve our problems.

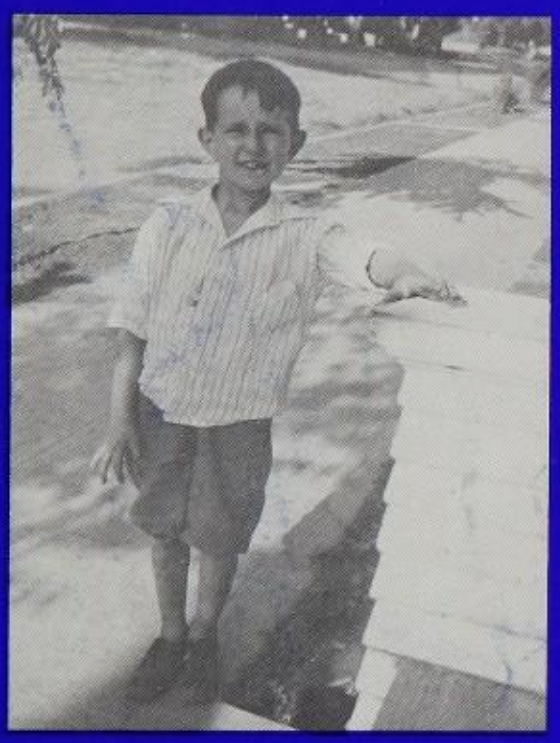
But now life will bring a new joy, a new love. Memories stay with us and help us remember past events. Dreams foretell our future and good fortune . . .

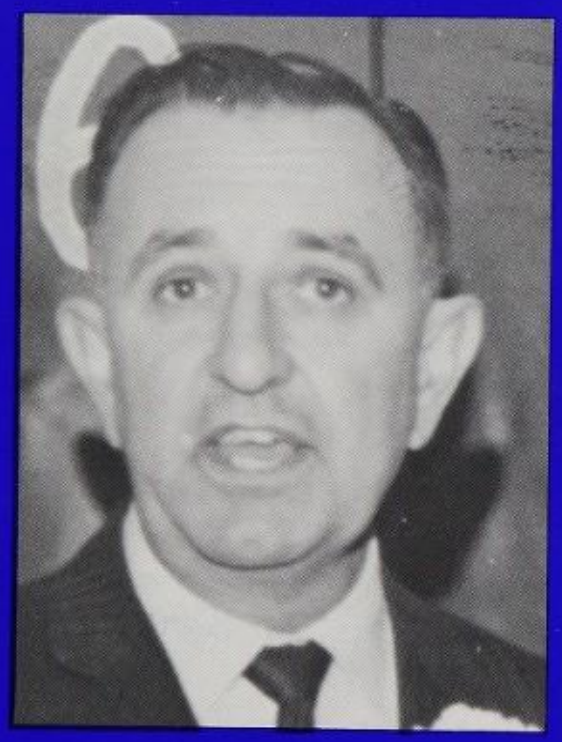
In dedication we ask for your happiness in whatever good things you desire . . .



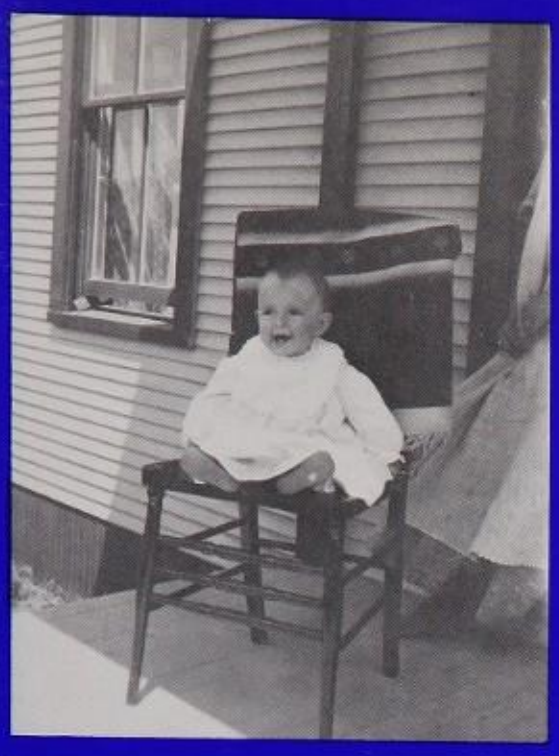


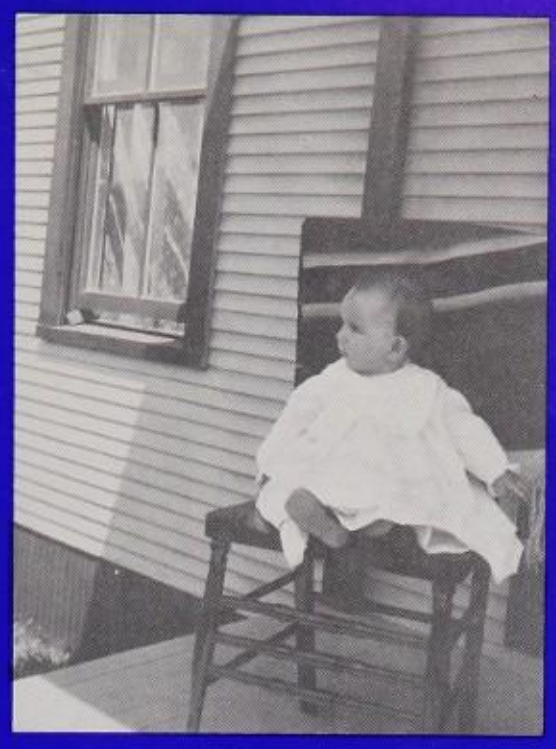
Dr. Edwin Olmstead has been principal of Taft since September 1964. He started in the Los Angeles School System in February of 1937, and has been teaching for 38 years. Dr. Olmstead retired on January 26, 1973.





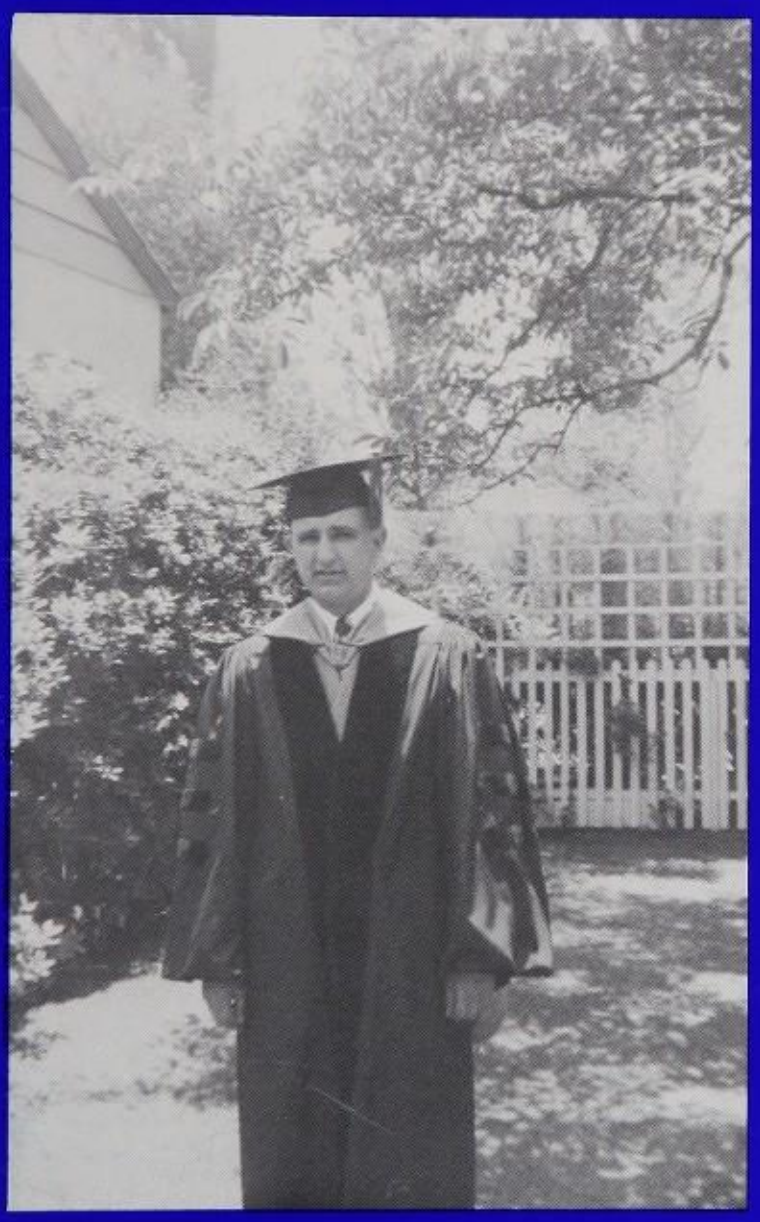
Think about tomorrow . . .
A time to do what
Could never have been
Before. A brand new life.

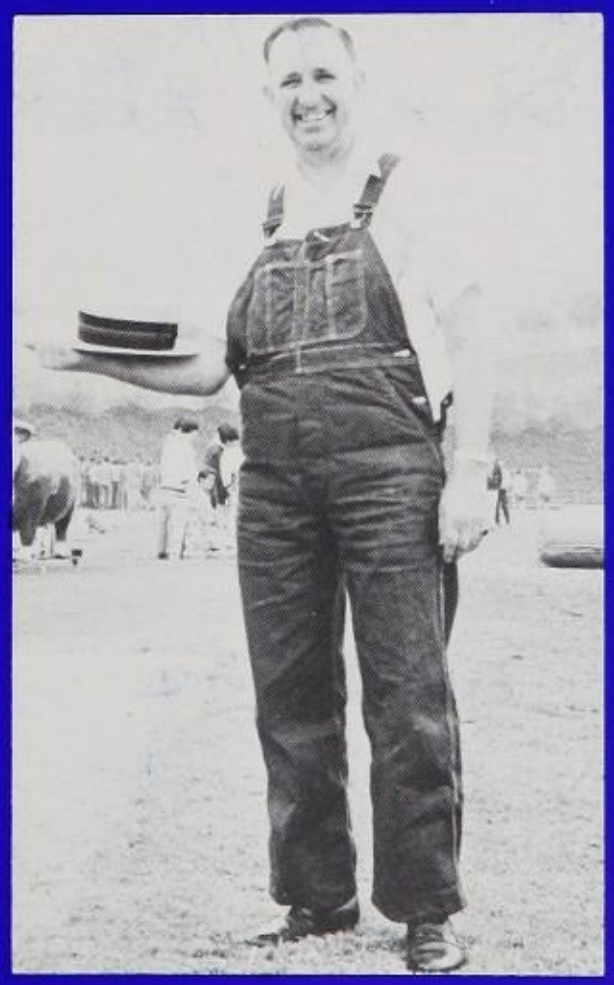


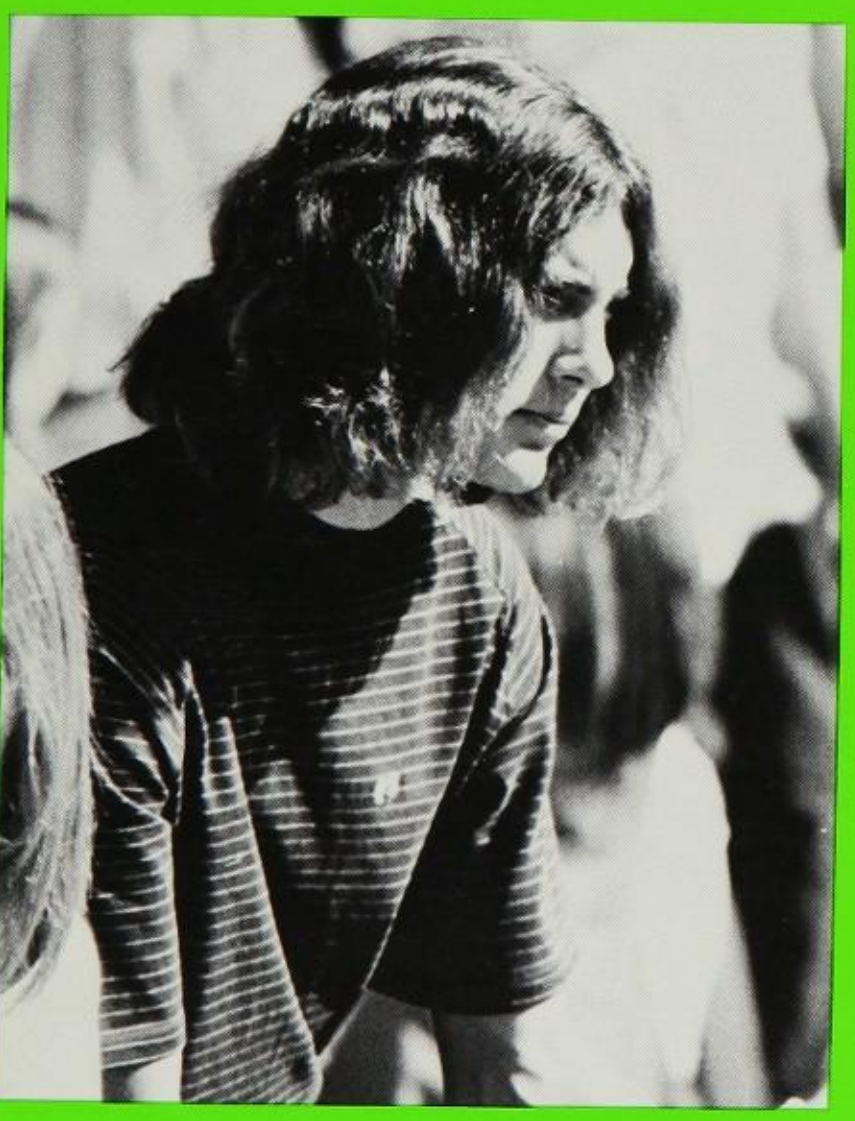


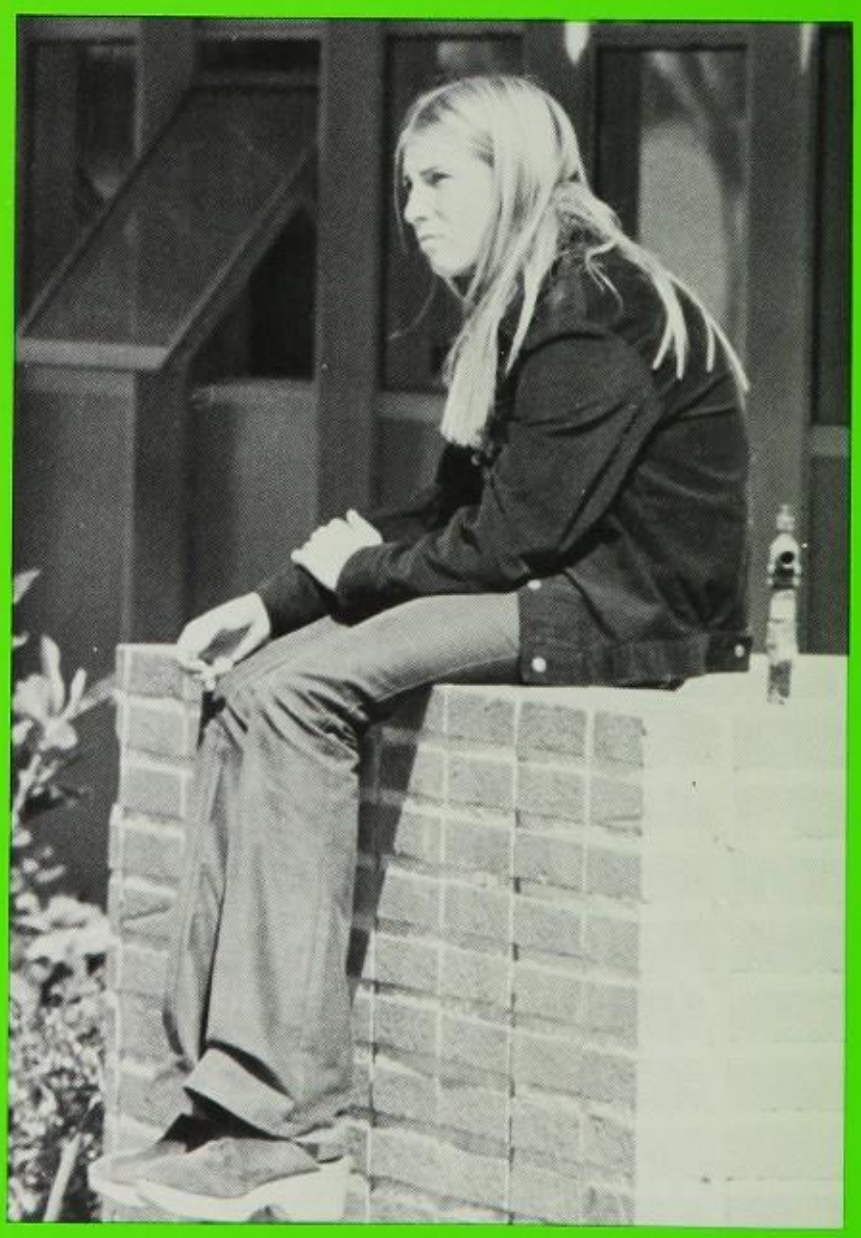
. . . Life is not only a merriment;
Life is desire and determination.
Wisdom is not in words;
Wisdom is meaning within words . . .

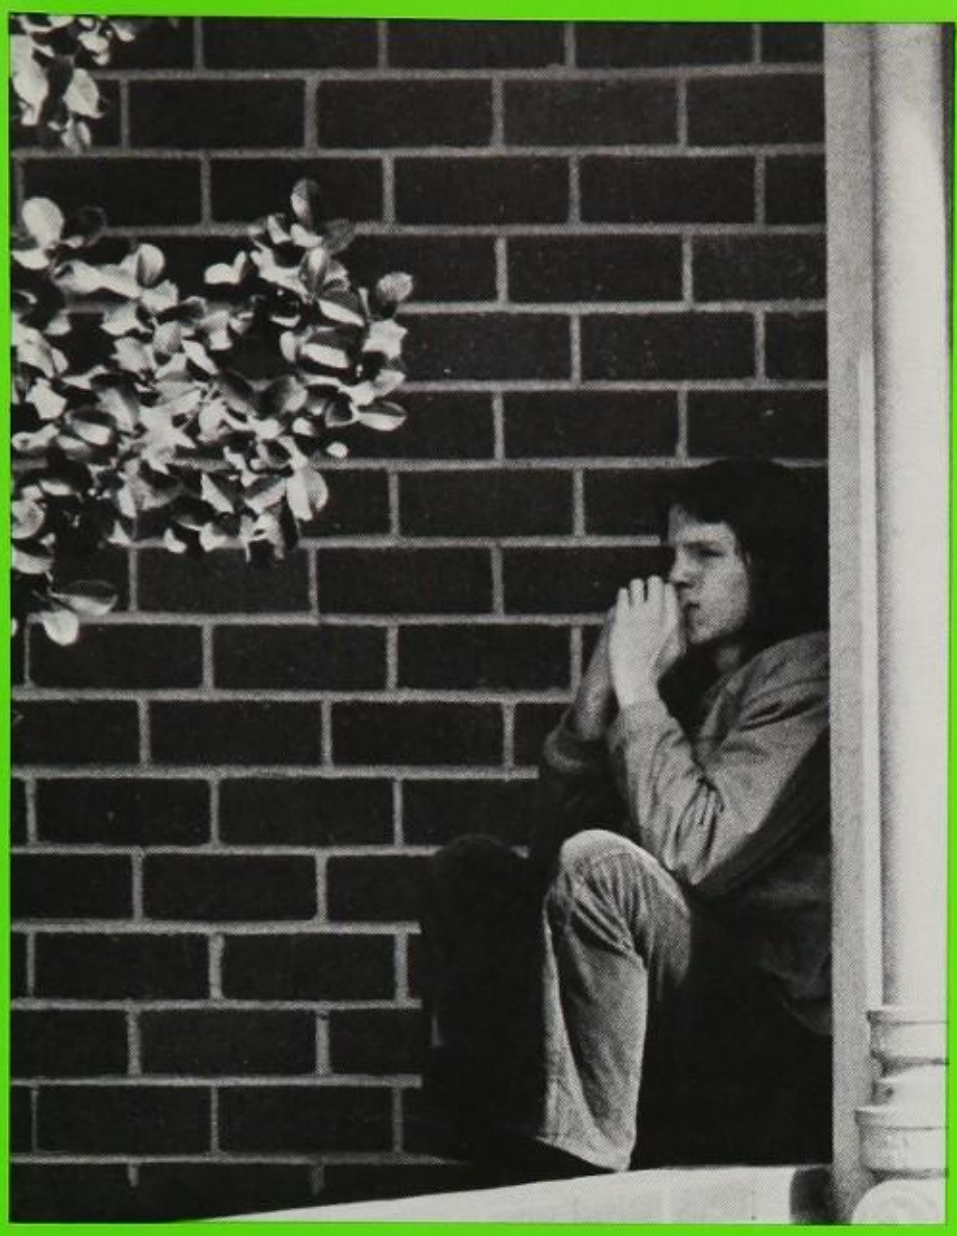
-Gibran











No one ever asks me
Who I am or where I'm
going
But those of you who know
You cover up my footprints

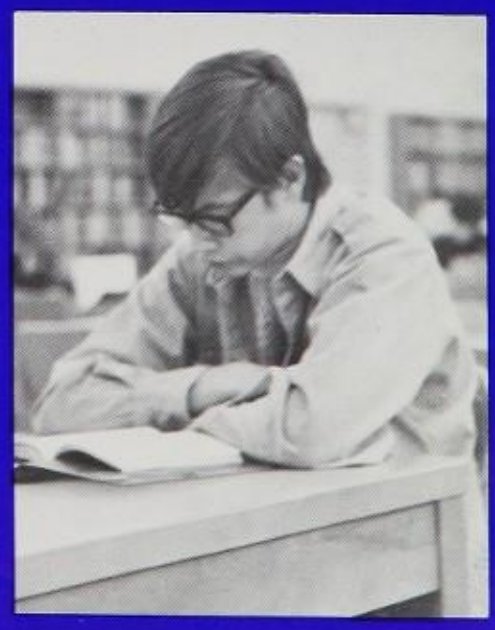
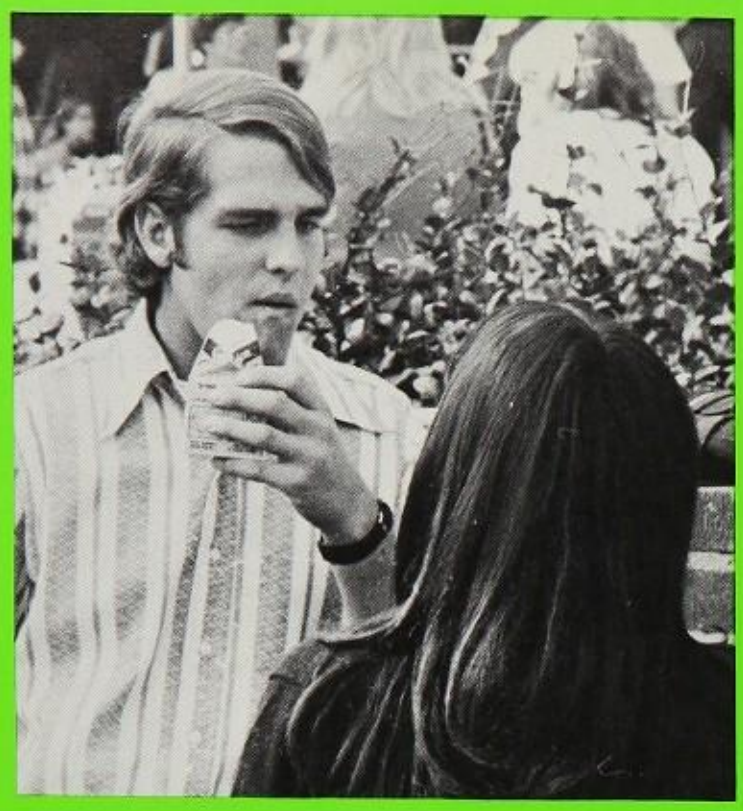
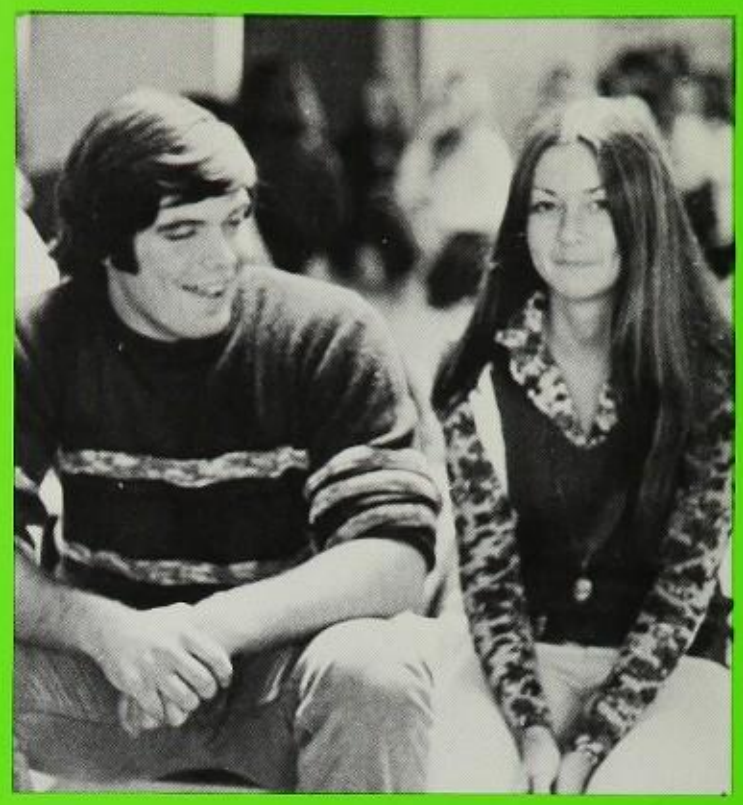
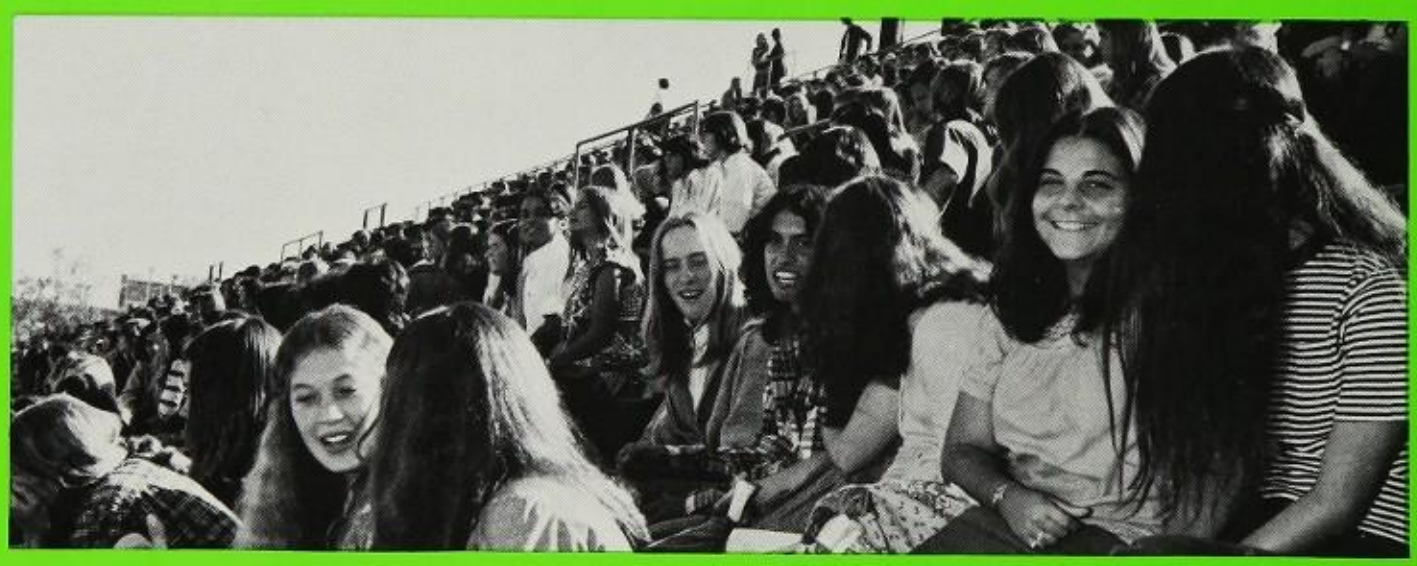
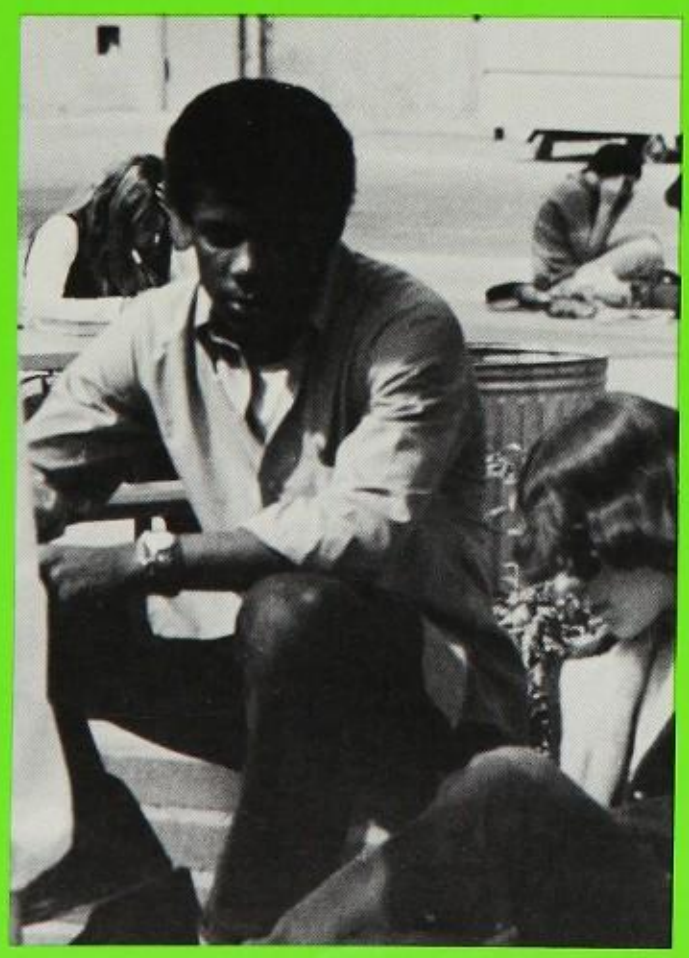
Knowledge is a beautiful thing
It comes with experience
With effort . . .
With living every day

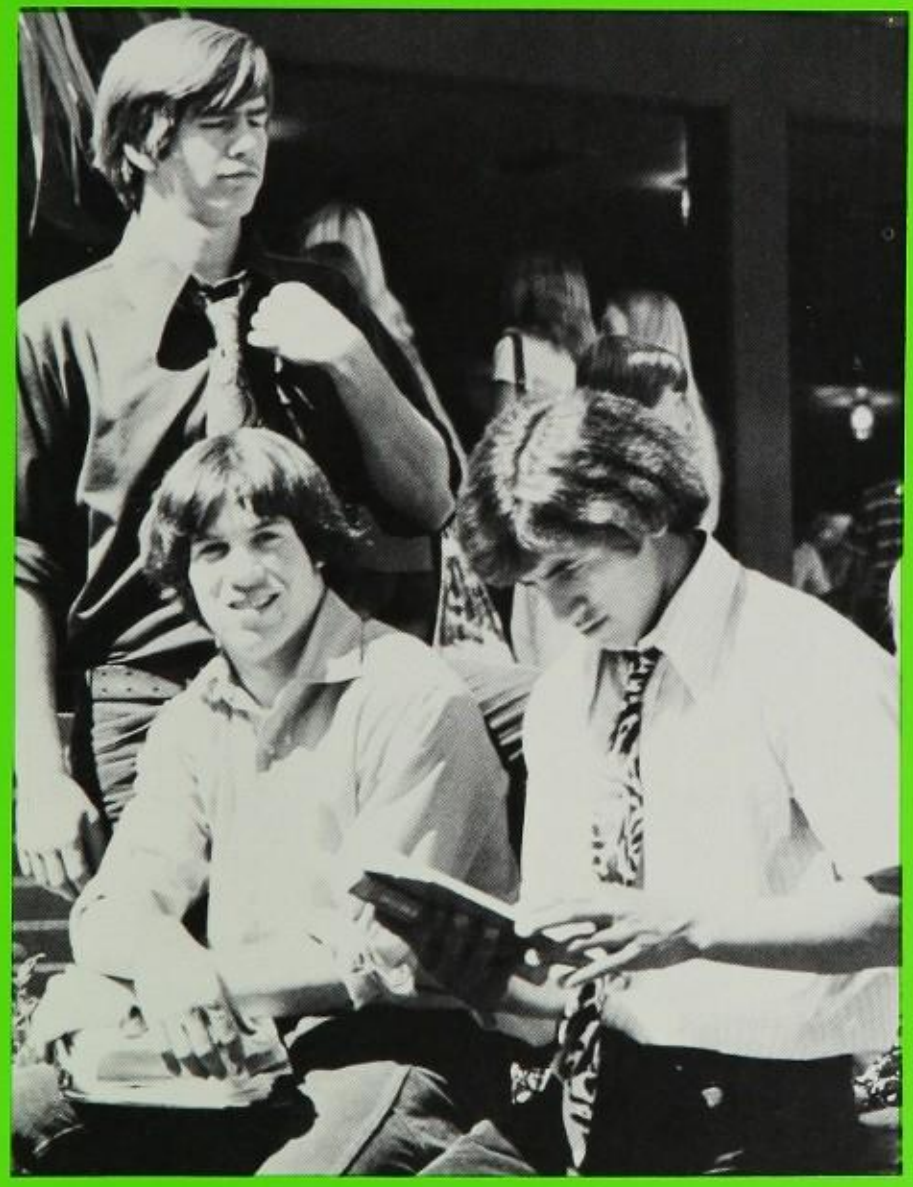




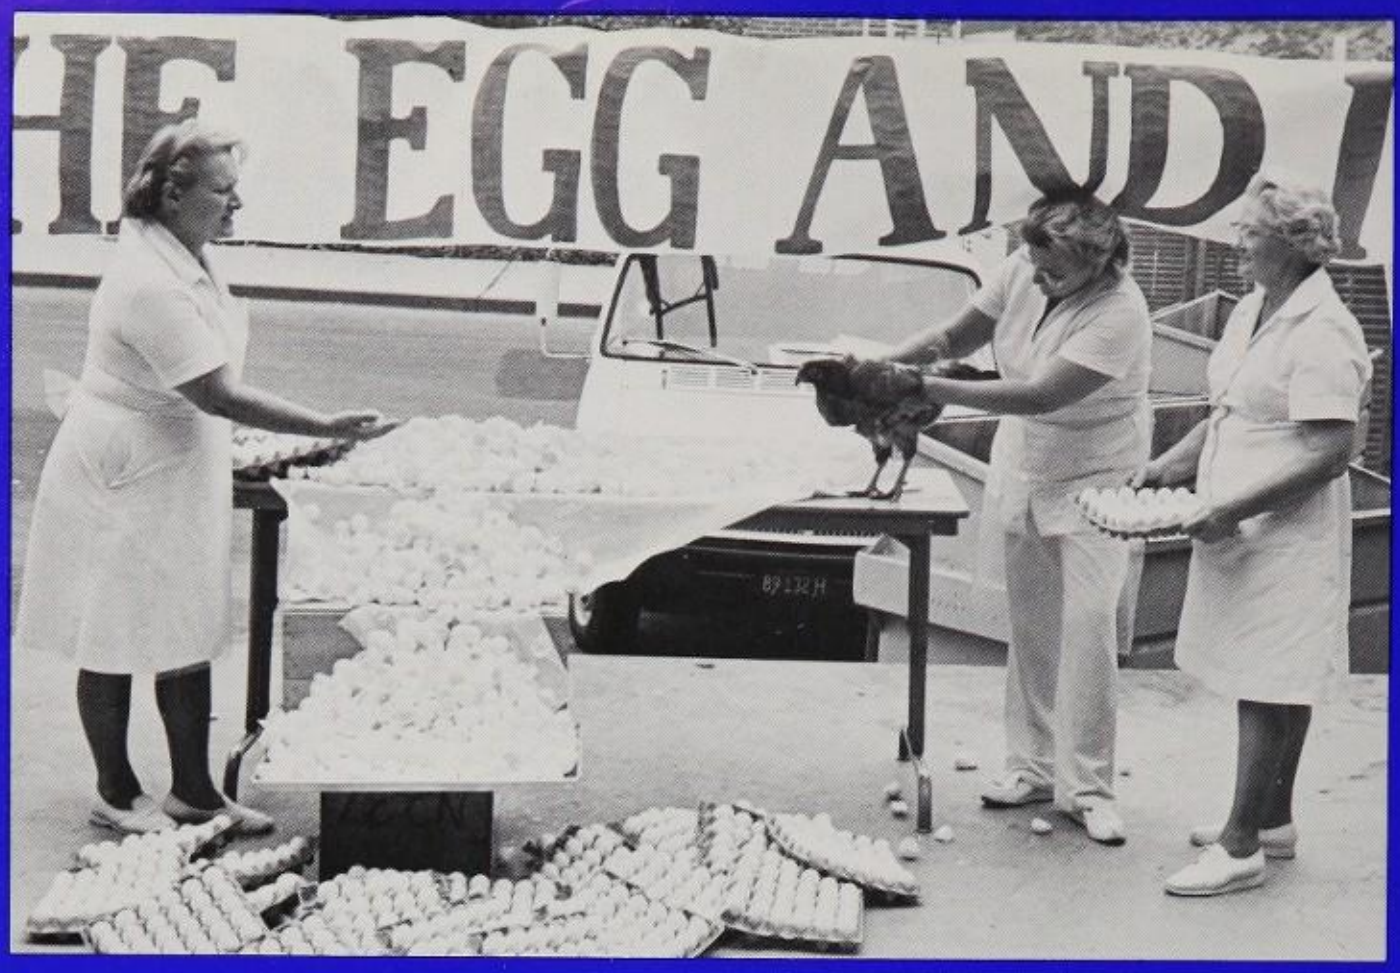




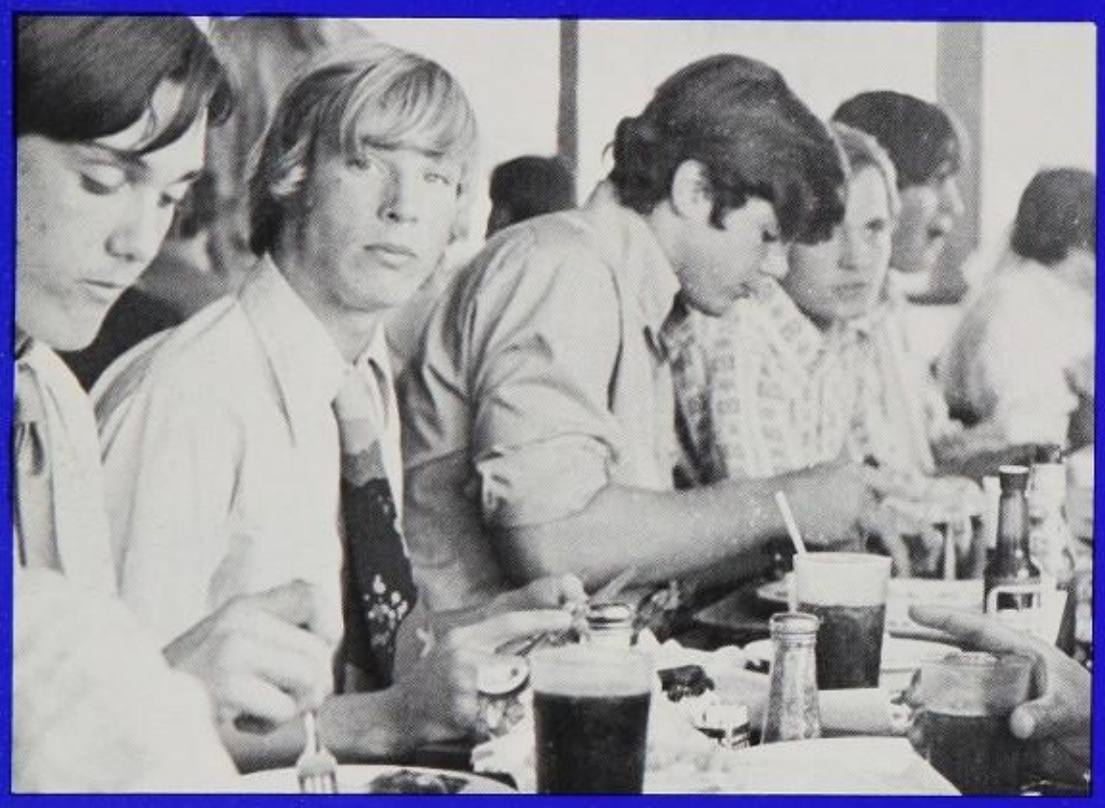


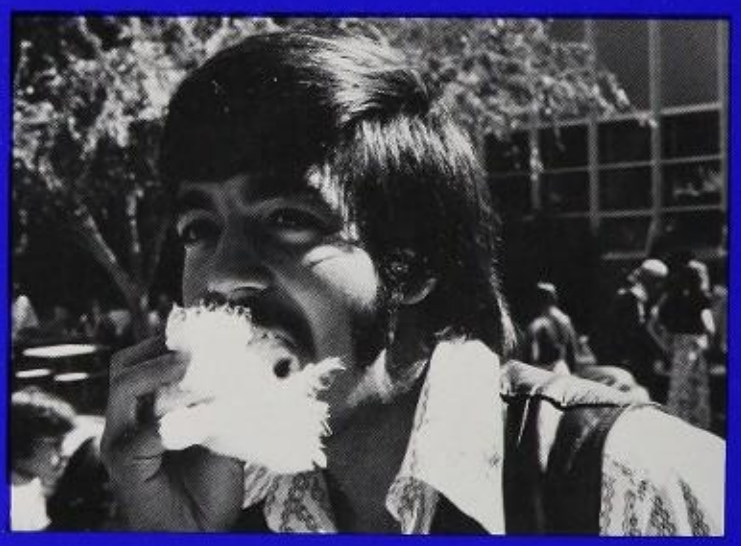


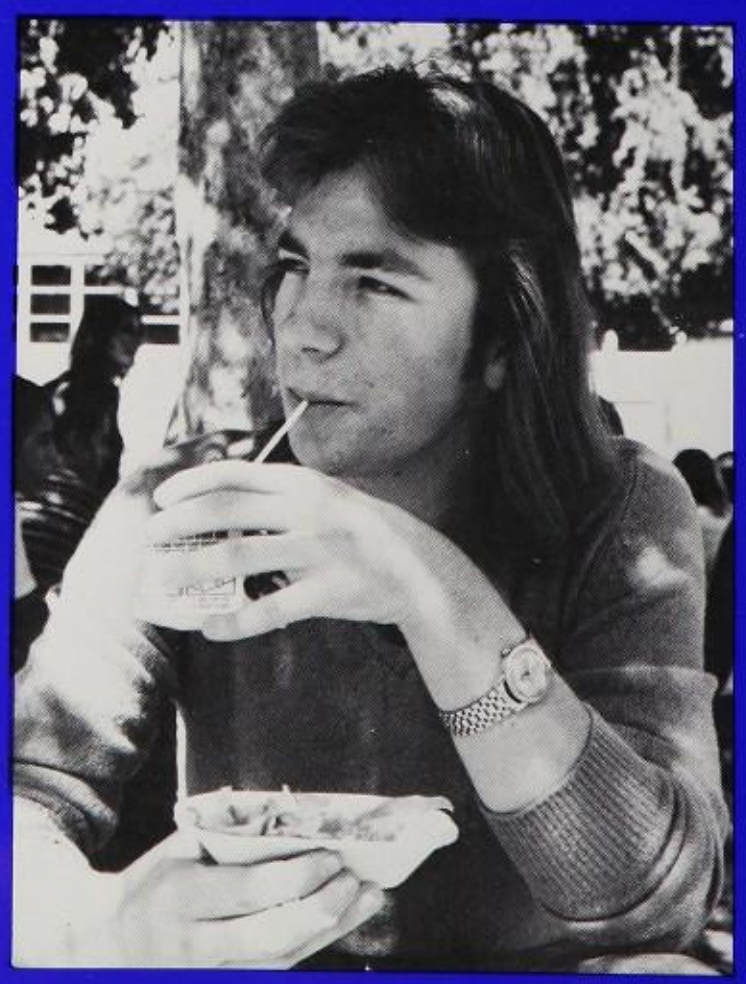
And in the sweetness
Of friendship,
Let there be laughter,
And sharing of pleasures.



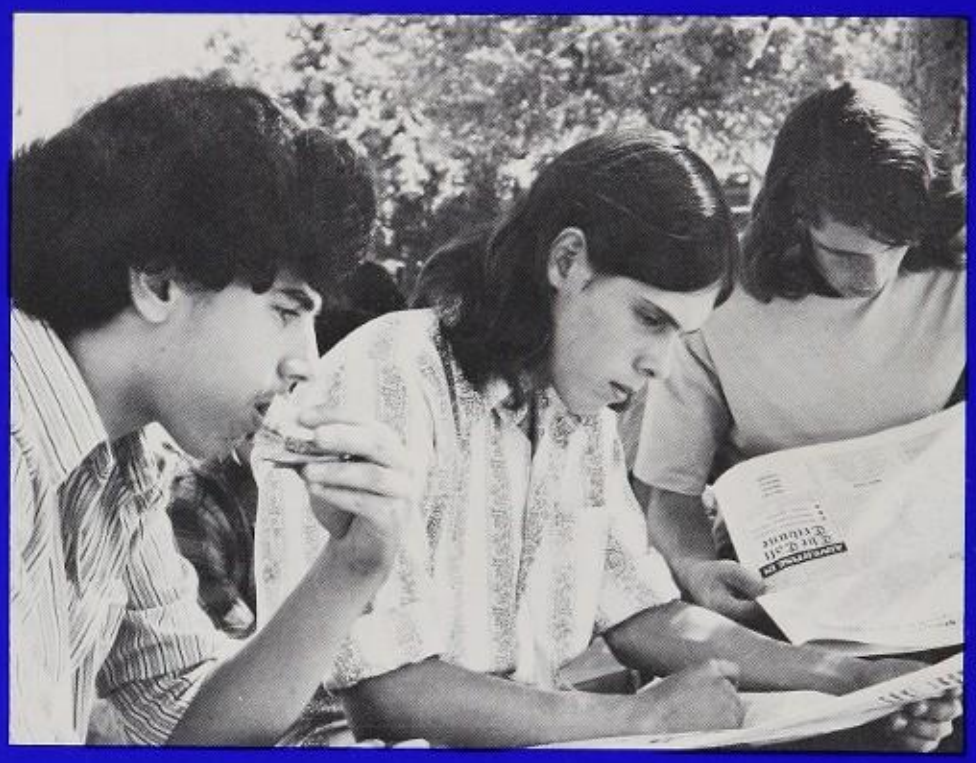
HE EGG AND

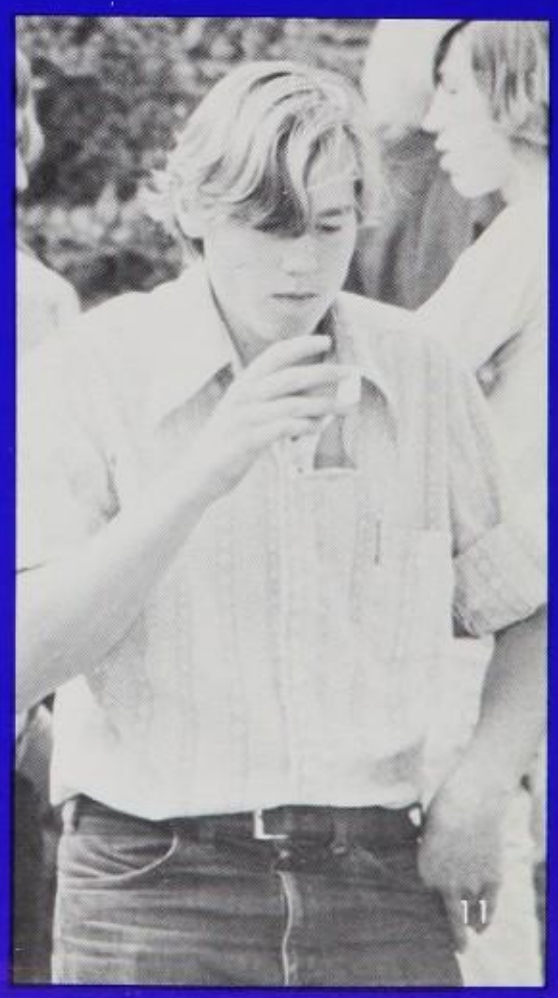


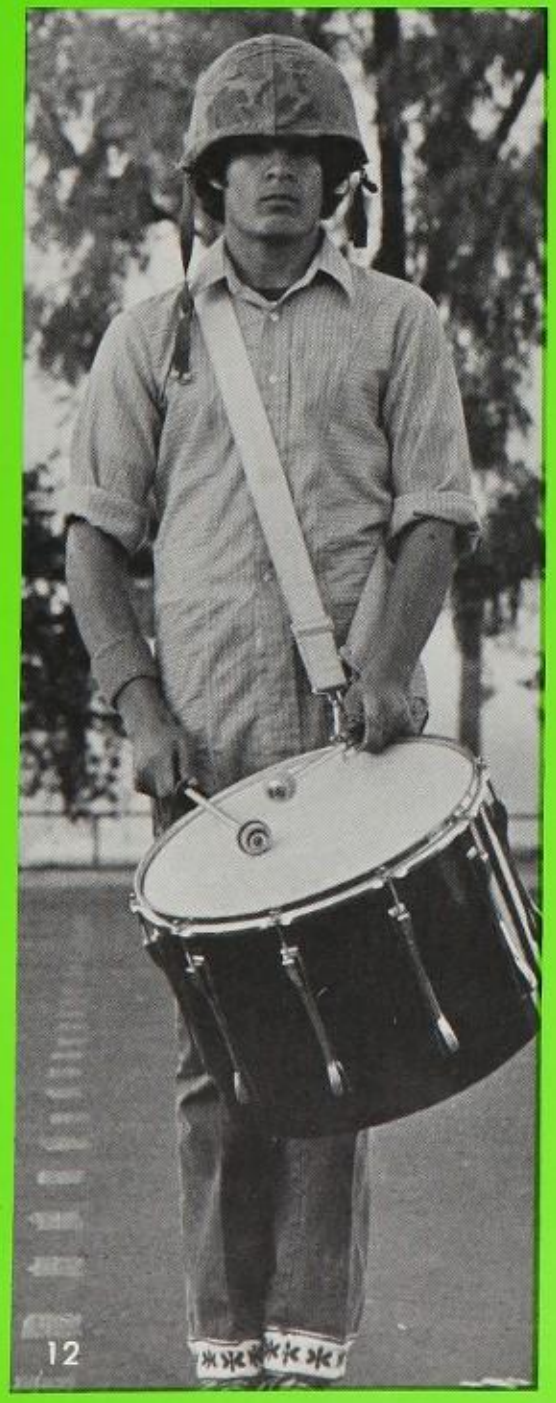




Come up here, O dusty feet!
Here is fairy bread to eat.
Here is my retiring room.
Children, you may dine
On the golden smell of broom,
And the shade of pine;
And when you have eaten well,
Fairy stories hear and tell.
Robert Louis Stevenson







I listen to my words but
They fall far below
I let my music take me where
My heart wants to go

A road toward himself

Each man's life represents a road toward himself
an attempt at such a road,
the intimation of a path.
No man has ever been entirely and completely himself.
Yet each one strives to become that-
one in an awkward, the other in an intelligent way,
each as best he can.
Each man carries the vestiges of his birth-
the slime and eggshells of his primeval past-
with him to the end of his days.
Some never become human,
remaining frog, lizard, ant.
Some are human above the waist, fish below.
Each represents a gamble on the part of nature
in creation of the human.
We all share the same origin, our mothers;
all of us come in at the same door.
But each of us-experiments of the depths-
strive toward his own destiny.
We can understand one another;
but each of us is able to interpret himself
to himself alone.

A.F.S. and Y.F.U.

My name is Carla Bakker and I am a YFU student from Leusden-C, Holland. Last year I graduated from my high school. I plan to be a doctor. I think it is a great opportunity to be in the United States to learn about the school and family life. I enjoy being included in Student Cabinet as it gives me the opportunity to make many new friends.

My name is Raymond Petit and I am an AFS student from Luxenbourg. I was impressed and truly pleased by the warmth and friendliness of the American people and especially the students of Taft.

I am enjoying the academic activities very much and I like particularly Student Cabinet. I am sure that this experience in the United States will be one of the most outstanding and interesting of my life.

I am Bieke VanVlierden a Y. F. U. student from Brussels, the capital of Belgium. I was terrified at the beginning of the school year, but now that I am used to it I find there is nothing to fear.

It will be a great, interesting year for me in meeting other people and sampling another way of living. The weather, of course, is fantastic.

My name is Jean Balladur. I am seventeen. I come from Paris, France. Some of the things I like about Taft are the big campus, the exciting football games, and the opportunity to choose my own classes. I think the biggest difference between Taft and my school in Paris is that Taft has so many more students. I am sure this year will be one of the greatest experiences of my life.

How does a student look
at a teacher?
What are their feelings?
A student should not be
naturally hostile
towards their instructor. Gaining knowledge
is a beautiful experience.
A teacher interprets, presents,
and communicates to the student.
We, as students, as people, can
always go home each day and
say we learned something new today...

I've lived my life in careless ease,
And come and gone as best might please,

If you ever find any more Datsuns, let me know. You're such a quiet girl, you should have sat back here in "sin corner". It would have been fun. Have fun & see you later

I think Sue, ya know Barbara, you have been right. You have gotten more Pride. Sue this year has been unreal. We were friends at the beginning of this year. We hardly ever talk. What's with ya? I'll see ya this summer. When I come home, before and after I'll come home. When I need a home, time will be up. Hide me for good summer. What Marc said — he's good. But he can't help it. Don't worry about dust(just) think next year. Have a good out for good. Out of this fucked one. Don't get to weird this summer. We will get See ya. Come this summer. Come DOWN sometime. School okee.
